

CABLE ASSEMBLIES

REDUCED FAILURE RATES RESULT IN
LONGEVITY WHICH EQUATES TO
TIME AND MONEY SAVED

DELIVERING CONSISTENCY AND HIGH QUALITY, 3-Ci has become the leading manufacturer of polyurethane cables in today's market, developed to withstand the harshest environments including severe weather, natural ecological challenges, and chemical exposure. These conditions have provided the perfect developmental path for 3-Ci to advance the quality of our products to what it is today. The cables produced by 3-Ci are heralded as some of the most reliable in the market; up to five times the typical standard. Our quality products combined with speedy delivery make 3-Ci the go-to choice for your cable needs.
